Reach SOHO business owners within 30 days of their start-up via email! This file offers full COMPANY and CONTACT name.

This is a highly researched, specialized list of brand new businesses and business executives on the rise mostly from new business startups, after 30 to 45 days established and is available from every state in the Union. Offered as a target-market, it should have a high response to any and all executive - oriented offers of both products and services.

New businesses and their executives are prime targets for services & products because they seek not to not only maintain their new businesses, but also to find methods and means to continue their climb on the executive ladder of success.
